---

## EDUCATION

Polytechnic University of The Philippines – Taguig  
Bachelor of Science in Information Technology 2021 – 2025

---

## TECHNICAL SKILLS

Web Development Front-End: **React.js, JavaScript ES6+, TypeScript, TailwindCSS**

Web Development Back-End: **Node.js, Express.js**

Database Management: **MySQL, MongoDB, Firebase**

Version Control: **Git**

Programming Language: **C++, Python, C#, PHP**

Game Development: **Unity**

---

## NOTABLE PROJECTS

### COUNTRIES INFORMATION, REACT.JS, CSS, API

- Developed a dynamic web application that immerses users in a rich exploration of flags and essential country information from around the world.
- Leveraged the powerful REST Countries API to provide users with up-to-date and comprehensive global data, ensuring an engaging and informative user experience.
- Employed React.js to meticulously craft modular and reusable components, significantly boosting code maintainability and scalability.
- Showcased design expertise by meticulously fashioning bespoke styles using CSS3, resulting in a visually appealing and seamlessly responsive user interface that adhered flawlessly to design guidelines.

### FLOATMAN, C#, UNITY

- Pioneered the creation of the captivating 2D endless runner game, "FLOATMAN," using Unity and C#.
  - Demonstrated adeptness in overcoming a myriad of technical challenges, skillfully applying creative problem-solving to devise innovative and engaging gameplay mechanics and features.
  - Assumed the role of project leader, directing and coordinating a highly collaborative team of five members, fostering an environment of productivity, innovation, and synergy.
  - Exemplified exceptional project management skills by meticulously managing project timelines and efficiently delegating tasks, ensuring the timely achievement of critical project milestones.
  - Received resounding acclaim and validation of the game's success by presenting "FLOATMAN" at a school convention, where it garnered overwhelming feedback and achieved a remarkable milestone of over 100 downloads in a single day.
-
